

## **Clinical Endocrinologists at UPMC**

The Division of Endocrinology at the University of Pittsburgh Medical Center (UPMC) seeks full-time board-certified/board-eligible endocrinologists to join its rapidly growing premier community practice at its Passavant locations in the northern suburbs of Pittsburgh. This state-of-the-art hospital offers UPMC's brand of world-class medical care at two convenient campuses in McCandless and Cranberry to serve the communities and counties north of the city.

Our Endocrinology program provides a diverse patient mix and substantial opportunity for personalized career growth and development. The practice includes outpatient clinics, an inpatient consult service, and numerous subspecialty services. The practice is supported by a nurse practitioner led inpatient diabetes team, a large diabetes educator/nutrition team, and clinical/administrative support staff.

Candidates must have an MD or DO degree, be board certified or board eligible in Endocrinology, and have a strong foundation in endocrinology and diabetes. Candidates with an interest in telehealth are particularly desirable to help grow our expanding telehealth program.

UPMC is a world-renowned health care provider and insurer based in Pittsburgh, PA and a leader in inventing new models of accountable, cost-effective, patient-centered care. It is one of the largest and most successful academic medical centers in the country.

Interested candidates should send a cover letter, curriculum vitae, and contact information for three references to Erin E. Kershaw, MD, Chief of Endocrinology, care of Chelsea Dempsey (email: [endoadm@pitt.edu](mailto:endoadm@pitt.edu)).

*UPMC is an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.*
